No.3308/6/PE dated 12-9-38 and
No.3308/6/PE dated 5th October, 1938.

I am directed to enclose for information a copy of my letter No.D/75/38 of the 9th August, 1938, to the Commissioner for Lands and Surveys, which enunciated the principle to be applied when additional cost is incurred by Government as the result of the military occupation of Government buildings.

2. It would appear to be equitable to apply the principle stipulated in that letter in the present instance: namely, that the Army should be asked to reimburse the additional expenditure incurred by Government as the result of the continued military occupation of the elementary secondary boys' school at Tulkarm since, although the school is not Government property - it is waqf property - it is given to Government rent free.

This, however, is a question which will have to be settled in consultation between Government and the General Officer Commanding; and it will be taken up by this office without delay.

The same presumably applies to the buildings listed in paragraph 4 of your letter No.3308/6/PE of the 12th September.

3. I am to authorise you to select alternative buildings for hire (observing General Regulation 321), and to inform me of the expenditure involved on :

- (a) rent; and
- (b) any alterations, etc., required, in accordance with General Regulation 322.

Government should not, however, be committed in any way to the actual hiring of buildings without further and express authority.

Subject : Government Buildings.

The following movements of Government Offices are known to me in this District. There are probably more of which I am not acquainted.

Will you be so kind as to issue a circular letter to all Departments calling their attention to General Regulations, more particularly No. 323.

I have had no notification and most of these moves were a complete surprise to me, three days after they had been effected.

Nablus.

The following offices have been moved to and from the house of Amin Taher :-

1. The Police have moved out of the house of Amin Taher.
2. Post Office has moved from the house of Amin Tamimi, leaving water still connected and building unhandled over and partly open to the Public.
3. Agricultural Office has moved from the house of Taher Jardaneh, leaving water connected and windows since smashed, unhandled over.
4. Veterinary Office has moved from the house of Hamed Marmash.
5. District Offices and Land Registry from house owned by Education Committee - water cut-off, but keys handed over direct to Municipality - windows since broken.

Tulkarm.

The following moves are liable to take place at any time to the Reformatory area :-

District Offices
Land Registry
Post Office
Police - all billets and offices.

Sir,

I refer to our correspondence and conversations regarding a proposed exchange of land in the Tulkarm Sub-District.

2. I am now authorised to state that Government agrees to grant 400 dunams of Government land in the Basset Qaqun to the Jewish National Fund in exchange for 250 dunams of land owned by the Jewish National Fund in the neighbourhood of the Wadi Hawareth.
(the area of 250 dunams in the neighbourhood of Wadi Hawareth has already been demarcated by a Government surveyor and a surveyor of the Jewish National Fund on the ground and the area of 400 dunams in the Basset Qaqun will shortly be similarly demarcated.)

3. This exchange of land has been agreed upon the following conditions:-

- (i) That the 250 dunams in the neighbourhood of the Wadi Hawareth should be registered in the name of Government.
- (ii) That the 400 dunams in the Basset Qaqun should be registered in the name of the Jewish National Fund.
- (iii) That these registration transactions should not involve the Jewish National Fund in any expense (i.e. survey or registration fees).
- (iv) That Government should carry out whatever drainage in the area of 250 dunams is necessary under the antimalarial legislation in force from time to time.
- (v) That the Jewish National Fund should carry out whatever drainage in the area of 400 dunams is necessary under the antimalarial legislation in force from time to time.
- (vi) That Government should be permitted to remove the Eucalyptus trees now growing on the Basset Qaqun.
- (vii) That the Jewish National Fund should not take over the Basset Qaqun until this year's hay crop has been removed from the land.

4. I shall be grateful if you will confirm that these proposals and conditions are acceptable to the Jewish National Fund.

Tulkarm.

When I first visited the building to rent it as a Land Settlement Office, the landlord, in the presence of the District Officer Hilmi Bey Huseini, was willing to have iron shutters fixed on all the windows in the building. On this condition I accepted to rent the building. This was in 1936. Later, the strike broke out and when the Landlord was approached by my Assistant Mr. Salem, he promised to do the shutters as soon as the Strike was over. Up to now he has done nothing, inspite of several reminders by my Assistant.

2. In view of the present insecure situation in this town, I find it of the greatest importance to have iron shutters fixed on all windows in this Office. As you are aware my Office is on the ground floor and is in a lonely quarter.

Chief Secretary,
-----*Original in 36/3/3.**Copy for 36/3/8.*

Subject : Replacement of School Buildings
occupied by the Troops.

I have taken up the general question of the occupation of school buildings with Col. Brunskill and I attach a copy of my demi-official letter dated 10th September which expresses my views on the subject.

2. To the Army, of course, I have stressed the value to public security of keeping as many pupils as possible employed in their schools. Other and more far-reaching considerations affecting the whole social progress of the Arab population should not be obscured in times of disturbances like the present. I would refer you to the following passages from the Report of the Royal Commission which support my opinion :-

"It is most regrettable that, after 17 years of Mandatory rule, the Government system is able to satisfy no more than half the Arab demand for education..... Out of an Arab population of school-age estimated at about 260,700, only 42,700 approximately are at present accommodated in Government schools; and Arab witnesses calculate that about 85 per cent of the fellaheen are still illiterate. This is the more deplorable in that many Arab villages are willing, if only Government will do its share, to contribute towards the erection of school buildings. The inadequacy of the schools was one of the points stressed in anti-British propaganda in Palestine during the Abyssinian crisis." (p.337).

"We think that, considering the inadequacy of the existing provision for Arab education and the willingness of the Arabs to make sacrifices to increase it, the Administration should regard its claims on the revenue as second in importance only to those of public security." (p.342).

3. I now request that your authority may be given for (a) the acquisition of new hirings (when such is possible) in all cases where schools are occupied by troops, and

(b) their adaptation for use as schools.

Some funds are available for (a) I understand in the Rents votes controlled by the Director of Public Works. So far as I am aware no funds are available for (b).

4. The school buildings for which replacements are required are as follows :-

	No. of pupils	No. of class sections	Approx. annual rental	Type of build- ing	Remarks
<u>Nablus</u>					
Fatimiya G.S. 510		11	LP.250	State Domain	Two large buildings will be re-quired.

The cost of providing latrines varies but an allowance of approximately LP.100 for each hiring could probably be made to suffice as a temporary expedient. Essential structural alterations, such as the removal of partitions, and the provision of a drinking water supply, may be estimated very roughly at LP.50 per hiring.

Subject:- Tulkarm - Police accommodation.

Reference:- Your P.1/436 of 26-8-38 to Chief Secretary.

It is presumed that the premises referred to in items 1 and 2 of the first paragraph of the D.I.G. "A"'s note dated 20-8-1938 refer to hirings No.40, 57 and 63 Tulkarm the leases of which expire on 31-12-1939, 31-3-1939 and 10-2-1940 respectively.

2. Are these hirings to be evacuated by your Department? If so, is evacuation of a permanent nature? Hiring No.40 Tulkarm - the Police Divisional H.Qrs. Office - may be given up on 31-12-1938 if three months written notice by cancelling the lease on 31-12-1938 is given to the lessor before 1-10-1938. If evacuating these premises is of a permanent nature, this option may be exercised forthwith.

CHIEF SECRETARY.

C.A.O. note
pl. 13/8
14/8
see p. 2
Subject :- Elementary-Secondary Boys' School, Tulkarm.

The above school building was occupied by the military on 19th May, 1958. As it was thought at that time that the occupation might not last long and as the school year was approaching its end, it was not considered worthwhile to arrange to hire buildings for housing the school. From the above date 550 pupils had to be refused admission to school.

2. Quite apart from the serious educational loss which may be suffered by some 500 pupils whose schooling is indefinitely interrupted with a resultant waste of the public funds so far spent on their education, it is obviously desirable in the interests of security to have these pupils and their teachers legitimately occupied and off the streets.

I shall therefore be obliged if you will kindly authorise the lease of buildings large enough to replace the building occupied by the troops.

3. In this connection I would point out that it may be more economical to Government to arrange

with the military on the spot to secure accommodation for the Unit now billeted in the school in some other suitable building which may be hired for the purpose. The housing of some 500 pupils may require the lease of three or more buildings and the total rent may exceed £P.300 p.a. plus the cost of installing the necessary sanitary and other arrangements.

4. If it be decided to authorize the hiring of buildings to replace those school buildings which are occupied by troops in Tulkarm, I shall be obliged if your covering authority may be given at the earliest possible date so that negotiations may be started.

A.H. Leves Esq.,
Assistant Superintendent of Police,
T u l k a r m .

Sir,

The Inspector-General of Police has notified me that you have been compelled to evacuate your privately leased house at Tulkarm and that a posse of the British Police, have occupied it temporarily as a Billet.

2. I have read your lease with Rasem Kamal Ismail which I return. It is for Hegira year 1357, at LP.60 per annum of which you have paid LP.30, another LP.30 being normally due about August 28th. You have no formal right to sub-let the premises but can cancel the lease if transferred. I accordingly send you a sub-lease for a month and a half between Government and yourself for initialling and signing it and stamping at least one copy with a 10 mils Revenue Stamp. On its return to this office, I will sign it and schedule the amount due to you.

3. I also enclose 4 copies of an agreement with Rasem Kamal Ismail from 1st Rajab, whereby he lets his premises to Government on a monthly tenancy. Will you please get him to sign this, stamp with a 30 mils Revenue Stamp and return here. You can then cancel your lease with him mutually. The Engineer in Charge, Nablus District, will be asked to inspect the premises for this temporary occupation.

Subject : Accommodation for the Army.

Has any action to be taken in respect of recovery of rent for buildings hired by the Palestine Government as schools or for other purposes, and now occupied by the Army ?

There are also State Domain buildings so occupied.

2. Secondly, is rent to be paid by Government to the Army for the use of accommodation, the property of the War Office, occupied by the Palestine Government.

This enquiry is made because I am asked to sign a lease, with somewhat involved stipulations, for the partial use of a hut in a cantonment area by the Department of Posts and Telegraphs, the rent being LP.1. per annum.

You have a copy of my letter to the Assistant District Commissioner, Nablus, dated 7-6-1938. I have no funds to meet the rent at Tulkarm you refer to, although the item is but small. Several schools are, it is understood, occupied by the Army in the Nablus and Tulkarm areas, and other demands for accommodation may be made and later, claims for damages arise.

I am waiting for the Assistant District Commissioner's reply, but it appears that the principle involved will necessitate reference to Government, as it is by no means certain that the Army will hire alternatives for Government hired and owned buildings which they occupy temporarily.

Subject : Hiring No.50 Tulkarm
Boys' Hostel.

The Director of Education has amplified his request. He wants the present hiring to be extended from 30-9-1938, the date of expiry, for six months - he says to the end of the present Hegira year, but that period of leasing does not obtain into Tulkarm.

After that date he desires to bring the Boys' Hostel nearer the Secondary School and the District Inspector of Education has suggested a building of better accommodation and more suitable and at a lower rent. The owner might be prepared to take rent "half yearly". The District Inspector of Education will indicate the suggested hiring to the Assistant District Commissioner for the usual inspections and reports by the technical officers.

The Director of Education informs me that the Elementary-Secondary Boys' School at Tulkarm and two new hirings, Nos. 94 and 95 Nablus, used as Girls School and Boys School, have been occupied by the Army, presumably in the manner laid down, the Engineer in charge handing over. In the case of the former school, the Director of Education wishes to hire alternate accommodation at once. Are you not empowered on behalf of the Army to hire alternatives for the Government leased buildings they require for the accommodation of troops ?

Boys' Hostel.

Reference:- Your No.36/3/18 of 23.5.38.

The position with regard to the above hiring is that it is far from the Secondary School where the students boarding at the hostel attend during the day. The officer in charge of the hostel is also engaged as a teacher in the Secondary School. This renders the supervision of the hostel somewhat difficult. Indeed a lot will be gained by having the hostel as near the Secondary School as possible.

2. D.I.E. Samaria, has reported that a building in the vicinity of the Secondary School will become available for hiring at the end of the current Muharram year. Aside from the advantage of its proximity to the Secondary School, the proposed building has a bigger accommodation and is in many ways more suitable than the present hiring. It is understood that the rent of the proposed building will not exceed LP.110 p.a.

3. There remains the fact stated in your letter under reference that a bigger commitment will be created in this financial year than is estimated for. It looks to me that an arrangement similar to that suggested hereunder may solve the difficulty. The proposed arrangement is :-

(a) The present landlord will be paid a rent in respect of the period from 1.10.38 to 20.2.39 i.e. about 5 months.

"half yearly"?
(b) The would-be landlord will be paid a rent in respect of the period from 21.2.39 to 30.9.39 i.e. about 7 months, out of the provision for the present financial year.

The building of the Elem.-Sec. Boys' School at Tulkarm has recently been occupied by the Military, and it is now necessary to provide / temporary accommodation for some of the classes. The D.I.E. has been able to find three large rooms sufficient to accommodate 150 pupils. I am informed that the rent will not exceed LP.12 for a period of two months. This period expires at the time when schools break for the summer holidays, during which the original building might be evacuated by the Military.

I shall therefore be obliged if I may be informed whether funds to the extent of LP.12 may be provided for the hiring of this temporary accommodation. This is an emergency case, and I see no reason why the money which will be expended on the rent, should not be recovered later from the Military.

No budgetary provision exists for the increased commitment although this is but LP.12 per annum. I do not trace any request from the Inspector-General of Police for the change. Indeed my only intimation is his letter to the Assistant District Commissioner Nablus dated 18th January when he asked for renewal for a further term of one year from 31st May 1938.

In view of the shortness of time I have endeavoured to ascertain from the Inspector-General's office and from the Assistant District Commissioner, Tulkarm, what is the position. Have the proposed new premises been inspected by the technical officers and could a change be hurriedly made? But telephonic communication with Tulkarm and Nathanya has not been possible the last few days. Will the Lessor of No. 64 agree to make a short term extension of the present hiring? If so the alternative can be taken.

Does this mean that the hiring is not required after the end of Zil Hijjah 1357 ? Otherwise I am unable to agree as your proposal would create a bigger commitment in this financial year than is estimated for, that is, payment would be made from 30-9-1938 to end of Zil Hijjah 1357, and then on February 20th 1938, a year's rent for 1358.

Postmaster General,
General Post Office,
Jerusalem.

NT294/38.

Dear Sir,

In view of the termination of the agreement existing between us in respect of the lease of the local Post Office's premises, we have to inform you that we find ourselves almost unable to renew the lease on the basis of the present rental.

The previous rentals established by us were in view of the uncertainty in respect of the income to be derived by you from the Postal Service here, and due to our wish to make the service in Nathanya, a success we have then gladly extended our assistance.

The rent derived by us from your office does not even cover the depreciation of that part of the building occupied by you, not to mention the interest which we should recover on the investment made by us.

We consider a sum of LP.10.- per mensem as a fair proposition and hope that you will appreciate the fact that the rental for the past four years has been far below market rate.

Trusting to hear from you in the near future,

we are, Faithfully yours,

(Sgd) S.Banett.

Walls of above premises are built of
concrete bricks.

- (1) The South and West walls are not damp-proof and plaster on their external faces is cracked. This absorption of rain water into the interior of rooms causes inconvenience to occupants during the winter season

As a remedy, I would suggest, pulling down existing plaster and re-plaster in 2 coats with a mixture of 1 part cement 2 parts sand and a water proofing agent, such as pudlo. When this is dry to finish with a coat of paint.

The entire area of these 2 walls is about 75 M2

- (2) The building requires re-decoration especially rooms that were water damp.
- (3) Mosquito wire netting on windows is all in bad condition and needs replacement. There are 8 windows.
- (4) Repairs to the flush pipe in the latrine is also required, please.
